

PROFESSIONAL SUMMARY

AI Product Lead and AIGP-certified AI Governance expert. Ten years directing nuclear and technical operations aboard nuclear submarines, then delivering enterprise AI at PwC and founding a computer-vision rail safety platform now in paid commercial pilot with Indian Railways. Shipping LLM, RAG and agentic products end to end, from problem framing and evaluation to guardrails and GTM, under real safety and regulatory constraints.

EDUCATION

IE BUSINESS SCHOOL

International MBA | IE Technology Impact Scholarship Awardee

President - IE Aerospace and Defence Club, President - IE Music Club, Vice President (Events) - IE Entrepreneurship Club

Madrid, Spain

Expected Dec. 2026

INDIAN INSTITUTE OF MANAGEMENT

Business Management Program: Operations

Shillong, India

Aug. 2022 – Jan. 2023

VISVESVARAYA TECHNOLOGICAL UNIVERSITY

Bachelor of Engineering: Information Science

Bangalore, India

Mar. 2008 – Mar. 2012

PROFESSIONAL EXPERIENCE

GAMUCHA VENTURES (*Venture Building & AI Strategy*)

Madrid, Spain

AI Lead

July. 2026 – Present

- Own AI product strategy and architecture across early-stage ventures, turning 0-to-1 problems into shippable roadmaps
- Built and shipped UP-ON.AI, an agentic platform using LLMs and RAG to automate business research, strategy and content generation

TRACKSENSE AI (*AI-Powered Rail Infrastructure Platform*) [LINK](#)

Madrid, Spain

Founder

Jan. 2026 – Present

- Engineered predictive fault detection platform for railways, fusing real-time computer vision with advanced sensor telemetry
- Validated core business model through strategic investor pitches in Spain, Portugal, and India, resulting in ongoing investor interest
- Commercialized technology, securing paid pilot with Indian Railways for structural monitoring hardware across Delhi Yamuna River

WEAVE (*Curated Community Experiences*) [LINK](#)

Madrid, Spain

Founder

Sep. 2025 – Present

- Launched a data-driven community matching platform and ran GTM across Madrid, reaching 500+ users and €7,000 in revenue

PRICEWATERHOUSECOOPERS (PwC) (*Generative AI & Data Analytics*)

Bangalore, India

Consulting and Digital Transformation projects for Fortune 500 clients in North America

Manager

Aug. 2023 – Aug. 2025

- Shipped Generative AI conversational assistant for a telecom client, improving service efficiency 30% across 2M+ users
- Designed and launched automated IVR/chatbot testing platform, reducing release cycles by 50%
- Redesigned a utilities client's legacy contact center into a scalable architecture, driving 40% higher capacity

INDIAN NAVY (DEFENCE/ SUBMARINES)

Various Naval Headquarters, India & International Deployments

Directed technical operations, modernization, and nuclear regulatory compliance across submarines and warships

Senior Instructor - Submarine School (*Visakhapatnam, India*)

Jul. 2021 – Apr. 2023

- Owned end-to-end delivery of a \$10M VR training platform, from requirements to live rollout for 5,000+ submariners
- Led a 12-person team auditing nuclear risk across 20+ facilities with Python analytics, closing with zero safety incidents

International Deputation Head – Indian Navy (*Vladivostok, Russia*)

Apr. 2021 – Jul. 2021

- Oversaw transfer of a \$5B+ critical asset and negotiated international sensor-calibration contracts, saving \$2M

Senior Operations and Nuclear Safety Officer - Nuclear Submarine (*Visakhapatnam, India*)

Apr. 2018 – Apr. 2021

- Accountable for \$10M of nuclear safety assets and a 15+ person team across 250+ days of underwater sorties
- Built an analytics tool monitoring 120+ nuclear system datapoints, cutting emergency response time by 50%

Technical Operations Manager - Conventional Submarine (*Mumbai, India*)

Apr. 2015 – Apr. 2018

- Built a MySQL forecasting tool across \$50M of logistics demand, cutting wastage by 70%
- Led SATCOM replacement of legacy submarine communications with a Spanish OEM, modernizing fleet connectivity

TECHNICAL SKILLS

Governance & Strategy: AI Governance (AIGP Certified), EU AI Act Compliance, Risk Assessment, NIST AI RMF, ISO/IEC 42001, PMP

Product & AI: AI Product Strategy, RAG, Agentic Workflows, LLM Lifecycle, GTM, Product Evaluation

Data & Tech: Python, SQL, Power BI, Streamlit, Cloud/API integration

KEY HONORS & ACCOLADES

- **Military Commendation:** Bravery award for a life-saving ocean rescue of a submariner in extreme sea conditions
- **IE Business School:** Ranked #1 out of 75+ ventures for TrackSense AI; also awarded the **IE Blue Torch Award**, IE's highest honor
- **IE Climate Tech Lab:** 1st place for commercialization and GTM strategy in platinum group metals recycling
- **Gold Medalist – United Service Institution:** National medal for research and essay publication on military innovation
- **EU AI Policy Hackathon (Berlin):** [Competitively chosen](#) to represent IE, developed AI-powered digital disinformation detection [platform](#)
- **CIVICA Hackathon (Warsaw):** Represented IE, architecting governance frameworks for integrating LLMs into public administration systems

OTHER INFORMATION

- **Internship:** PwC, Veteran Intern – Purpose and Inclusion Team (Apr 2023 – Jul 2023) - [LINK](#)
- **Interests:** Super Randonneur (200/300/400/600 km brevets); bassist, 50+ live concerts across India
- **Publications:** *Periscope*, *Submarine Magazine* (2019, 2025); *Leading Edge*, PwC (2024);
- **Community Service:** Led relief, medical, vaccination and upskilling programs impacting 1,500+ people [including speaker sessions](#)
- **Languages:** **English (Fluent)** | **Hindi (native)** | **Punjabi (native)** | **Russian (Fluent)** | **Spanish (A2 - Professional Working Proficiency)**
